ELECTIONS 2014: MY POSTPONED DECISION

by Josef Mrkvicka

Dear CiF friends,

Last year, CiF celebrated its 30th anniversary. Out of this number, I have been leading CiF (until October 2014 when my mandate expires) 13 years. This is almost a half of the entire CiF history and almost a quart of my up-to-now life. Therefore, it is about time that a fresh blood should step in.

One should know his limits and adjust his activities accordingly. I feel increasingly stronger that regarding my activities in the management of CiF, I have already reached these limits.

You surely noted that recently I did not help CiF too much with new ideas and visions. This is called burnout syndrome which has worked quite strongly for me in the last years. I don't want to be an „empty figure“ who only holds his position because nobody else wants to hold it, and is unable to offer more than a “maintenance” to our club.

Still before the Executive Committee Meeting in Kassel, I had an intention not to stand for the Executive Committee elections 2014 any longer. However, after the discussions in the Executive Committee during which I felt a strong support by my colleagues, after a long thinking I decided to remain for one voting period more.

However, definitely and irrevocably, this voting period will be my last period in the CiF management. Should my list of candidates be elected in October, then my last mandate will expire in October 2019. In this way, the CiF family will get 5 years more to find my successor.

Finally, I would like to stress that I don't speak on behalf of the complete Executive Committee, but only on behalf of myself.

I wish you all a good and healthy new year!
