# The meeting of the CiF Executive Committee

by Josef Mrkvicka

The last meeting of the sitting CiF Executive Committee took place in Bad Lauchstädt on 12. 7. 2014. All Executive Committee members, i. e. Thomas Amelang, Matthias Jurisch, Roland Markus, Wolfgang Mehlhorn und Josef Mrkvicka took part.

The meeting acted upon the following agenda:

1. Opening
2. Check of the tasks from the last minutes
3. Financial matters (dues 2014)
4. CiF software
5. CiF News (i. a. preparation of the next issue)
6. CiF postal tournaments
7. CiF email and server tournaments
8. CiF meeting 2014 and next meetings
9. CiF elections 2014
10. All other matters
11. Preparations for the next Executive Committee meeting

The Executive Committee accepted the following important conclusions:

- The financial statements for the year 2013 were unanimously approved.
- Currently, CiF have no auditors of accounts. Therefore, a demand for volunteers should be made in the CiF News.
- The cashier Thomas Amelang reported on the delayed payments of dues for 2014 and handed over a list of members which should be suspended on Remote because of delayed payments of dues.
- On proposal of Thomas Amelang, a list of CiF members whose cost of the subscription of the CiF Magazine should be constantly or on a one-time basis covered or not covered by CiF was unanimously approved.

- Since the last Executive Committee meeting, there had been no progress in the development of the new CiF software. However, apart from the two general tournament directors Matthias Jurisch and Roland Markus, there are only 5 other tournament directors (Johan Baars, Frank Grey, Josef Mrkvicka, Alfred Stummerer and Frank Wittig). Thomas Amelang should set a deadline up to the next Executive Committee meeting to the supplier. Shouldn't he deliver the software at that time, a refund of the advance payment € 200 will be required.
- No new editor of the CiF News had been found. It was approved that Gisela Henker should be addressed, with a notice that her task only would be a completion and formatting rather than an editing of articles.
- The general tournament leader Matthias Jurisch reported that the 8<sup>th</sup> CiF Championship had been announced as a postal tournament. 12 players entered this tournament.
- There only were 7 applications to the 9<sup>th</sup> CiF Senior Championship. Thus the tournament will not start, however, it will be re-announced in ca. 6 months.
- The email and server tournament leader Roland Markus should announce a CiF Server Championship in the beginning of December (preliminary sections with 4 players each, double round robin). The start is scheduled for ca. 1. 1. 2015.
- Provided that the list of candidates of Josef Mrkvicka would be re-elected, the next Executive Committee meeting will take place in Munich in June/July or in the end of October 2015.

# The re-elected Executive Committee introduces itself again

by Josef Mrkvicka

Dear CiF friends,

In the year 2014, you elected by ballot the new CiF Executive Committee (EC) which will head the CiF community until 2019.

As you know, there was only one list of candidates available, namely this of the complete EC, which

had headed the CiF in the last 5 years. Logically enough, this list of candidates was elected.

The tasks to be carried out by the particular EC members did not change. Therefore, the new EC did not have to adopt a new agenda.

## **President: Josef Mrkvicka (Czech Republic)**

Josef is responsible for the entire EC work. He organises and chairs EC meetings and informs the CiF members about the EC work in the CiF News and on the CiF website.

Furthermore, he represents the association CiF externally, especially towards ICCF and other international correspondence chess associations. Finally, he is responsible for the general correspondence and for the field of sections.

## **Deputy President: Wolfgang Mehlhorn (Germany)**

Wolfgang acts as a substitute for Josef in all his tasks in case of his temporal or long-term unavailability. He acts on behalf of the EC in disputes between the EC and the particular CiF members; in such cases, he always aims for a friendly outcome of the conflicts.

Furthermore, he looks after the social life in the association. He works closely together with the organisers of the CiF meetings and the CiF chronicler (currently Gisela Henker). He also edits the schedule of local CiF meetings which are open to all CiF members and looks after their publishing.

Finally, he is responsible for the Minutes of the EC meetings and checks if the tasks of the particular EC members have been fulfilled.

## **General Tournament Director: Matthias Jurisch (Germany)**

Matthias is generally responsible for the progress of all CiF tournaments and for the duly recording of the results in the database. Continuously, he organises and administers the postal FT Tournaments, Cup Tournaments, CiF Championships, Junior Championships, Senior Championships, Ladies Championships, Thematic Tournaments and Group Tournaments.

Together with the Section Leaders, he organises country matches and country championships. He is responsible that all postal CiF tournaments have their tournament directors.

**Cashier:  
Thomas Amelang  
(Germany)**

Thomas is responsible for a proper completion of the financial business. He proposes the CiF budget and compiles a yearly financial report which shall be checked by two auditors.

As before, he covers the entire work on the CiF News. He looks after the regular edition of the CiF news, collects and processes all documents which are published by the particular EC members in the CiF News, and organises the translations of the documents into English. Moreover, he works up a calendar of personal jubilees of the CiF members and looks after its publishing.

He also remains the key person on the IT field. He develops, tests and distributes the CiF software products and leads the training of their users, processes electronically all CiF data, assembles member and rating lists and administers the CiF archive.

**Deputy General Tournament Director:  
Roland Markus  
(Germany)**

Roland co-operates closely with Matthias and acts as a substitute for him if he is temporarily or permanently unavailable. He is responsible for a proper progress of the CiF email and server (Remotechess) tournaments, and for a nomination of their tournament directors.

He processes and administers a list of email addresses of CiF members and looks after the email distribution of CiF documents and announcements.

Simultaneously, you also elected by ballot for the next 5 years the CiF Ombudsman. Also here, there was only one candidate, namely our long-term Ombudsman **Hans-Dieter Wassilieff (Germany)**. In the last electoral period, Dieter had no case to deal with and I hope that this will not change in the next 5 years!

The EC shall sit at least once a year. You will be informed about its decisions in the CiF News and on the CiF website.

## **Announcement of the 9<sup>th</sup> CiF Senior Championship (in honour of Helmut Klausner)**

Given that only 7 participants submitted their applications to the tournament announced in the CiF News No. 69, we repeat this announcement once again. Simultaneously, the tournament has been dedicated to our on 30.03.2014 deceased CiF friend Helmut Klausner.

The planned start of the 9<sup>th</sup> Senior Championship should be the 30.06.2015. Eligible to participate are all seniors who were born before 30.06.1955. Only one entry per player is allowed. The number of players in the preliminary sections and the promotion to the semifinal/final will be decided in dependence of the number of received entries.

The tournament will be played normally by post. However, players can agree upon an email play and inform the Tournament Director thereabout. Otherwise, the general CiF rules apply, especially the time regulations.

Entries please no later than **30.04.2015** directly to the SM Tournament Director

## Mario Valverde Lopez

★ 03.03.1946 † 15.12.2014

Short before Christmas, we got a sad news from Costa Rica that after a severe illness, our friend Mario died at his age 68 years.

Mario entered CiF as early as in 1984 and belonged to our busiest email and Remote players.
